# WELCOME BACK

We are all excited to have returned to in-person events and the INA PAACE Automechanika Mexico team is continuing to work diligently with the local, and state governments, Centro Citibanamex and all of our contracted providers to create an environment where exhibitors and attendees alike will be able to network and conduct business safely.

Acknowledging the fluidity of information surrounding COVID-19, along with the safety precautions and protocols already in place by federal and local authorities, INA PAACE Automechanika Mexico will introduce the following guidelines necessary to participate in the event and will update this document as new mandates are released.

## — BEFORE YOU ARRIVE

**Either at home or in your hotel room, please take a [daily self-assessment](#).  
Prior to entering the show you must agree to the statements below.**

- In the last 14 days I have *NOT experienced* ANY symptoms associated with COVID-19, including fever, cough and shortness of breath among others.
- In the last 14 days I have *NOT tested* positive for COVID-19 OR come in direct contact with someone who has knowingly tested positive for COVID-19
- I agree to self-monitor for signs and symptoms of COVID-19 throughout the duration of the event and will NOT attend if symptoms are experienced
- I acknowledge that entering the premises waives all civil liability against the organizers, owners and operators for any injuries caused by the inherent risk associated with contracting COVID-19 through public gatherings.

### **DON'T FORGET TO PRE-REGISTER!**

To assist with minimal contact during the check-in process at the show, all visitors should be pre-registered and bring their confirmation either printed or electronically to the event. [\*\*VISIT US ONLINE TO BEGIN THE REGISTRATION PROCESS.\*\*](#)

## DOS, DON'TS AND THINGS TO AVOID

Transmission of COVID -19 may be mitigated through physical distancing protocols. Our goal is to hinder/prevent the spread of the virus. A low risk individual, or someone who has minimal or even no symptoms, can pass the virus on to someone who is high risk.

Please adhere to all social distancing procedures whenever possible.
